Okay. I have to get the replacement site before I do any changes to the work plan. You can fax it to me. We have been asked to update work plans for each State. Thanks.

Philip, I told you we have to replace Bonanza Rawhide Trailer with another site because someone else has moved in the property. We discovered this during our site recon. We need to replace it with another one. I'm looking at Standard Brake Shoe and Foundry at Pine Bluff. I will try to get a Site Discovery Form filled out ASAP. I will also need to change due dates on this site as well.

Philip: The only draft report we have due by the end of this month is Osceola. I'll let you know if we need an extension.

This has been taken care off. Some draft reports are due this month. Please sent me an email if you would not make the timeline and change of timeline. I have been told this is a new day (no more like the old days) and timeline is very importatnt.

Thanks.
